The first passenger airship to be inaugurated was put into service last week by Count Zeppelin, in Germany, which flew a distance of 300 miles in nine hours, and carried 20 passengers.

State Superintendent Sehon, of the Kentucky Children's Home Society, warns the public that a woman is going through the state soliciting funds for the home who is not employed by them and has no authority to collect.

Governor Judson Harmon, of Ohio, was last week unanimously nominated to succeed himself. Resolutions were adopted endorsing his administration and also boosting him for the next Democratic candidate for President.

The statehood bill allowing Arizona and New Mexico to become states has become a law and soon two more stars will be added to the flag, which will then number 48. Alaska is the last remaining territory out of which to make states unless by some means Porto Rico, the Philippines and the Hawaiian islands are brought under the constitution.

At a meeting of the Democratic Executive Committee of the Tenth Congressional District, held at Beattyville Mt. Sterling was selected as the place for a general convention to nominate a Democratic candidate for congress and the date was fixed at August 9. County conventions to select delegates to attend the districts convention were set for August 6.

Paris green which had been sprinkled on the vines to kill the bugs is said to have been responsible for the death of three women, which occurred suddenly at Earlington last week. The women were seized with a deathly illness shortly after eating the potatoes, and despite the prompt attention given them, death resulted. Had one can of Merry War or Banner lye been dissolved in sixteen gallons of water and used instead of paris green the bugs would have been killed just the same and the potatoes would not have been poisoned.

Teachers' Wages.

The weary and care-worn school teacher has been enjoying a few weeks of much needed rest after a term of eight or nine months of tiresome mental and physical labor. Many persons who have had no experience in the teaching line seem to think that any common school teacher whose wages are from \$25 to \$40 per month ought to make an independent fortune in a short time. Let such a one stop and consider what is expected of a teacher. In the first place she is expected to be well dressed at all times, which is no small item of expense. She is expected to buy all the latest books, and subscribe for all the popular educational journals of the day; attend teachers' meetings whenever and wherever held, and to spend from three to five weeks at an institute during her short vacation. All these requirements are attended by no small expense, and the teachers who comply with them will find at the close of the year that they have a very small portion of their earnings to lay up for a "rainy day."

Do not understand by the above assertions that such requirements are useless. But when it has become almost absolutely necessary for a teacher to attend all such meetings as those who have supervision over them shall appoint; it should be also required of the board of education and directors that they pay their teachers such wages as will enable them to attend and have enough of their earnings left to last them until the school term begins again.

"Fighting the Traffic in Young Girls."

We have just received a copy of the new book of the above title just published by the American Home Supply Co., of Chicago. It should be in every household and read by all young girls who travel alone in search of work. We herewith give a few excerpts from some of the leading journals of the day:

Of all the books of the season, the "War on the White Slave Trade" is the most helpful. The book should be read by every man, woman and child in America.—Cincinnati Enquirer.

Parents with young daughters should read the work and learn the dangers to which a lack of care subjects their innocent and inexperienced girls.—Nashville Banner.

Here is a book that ought to be read by every decent citizen of America until its truths are burned in so deep that nothing but an earthquake of popular sentiment against it will be sufficient to express the nation's indignation.—The Methodist Protestant.

The ministry, although dazed, were finally aroused to an appreciation of the truth. Every minister should possess a copy of the book.—Easton Tribune.

It is a book of records of cases that have come under the personal observation of the men and women who have written the matter contained in it.—Columbian Rural World.

This book gives a complete history of the white slave traffic, the menace of it—suggests means for its suppression.—Galveston News.

"Uncle Bill" Schooler.

The party referred to in the article below which is taken from the Republican of Washington. C. H. Ohio, was with THE HERALD sometime in the 90s, and the writer is glad to know that he is making good. Several of our older citizens will remember him as a jovial, good humored and accommodating young man.

"Uncle Bill" Schooler, who has been associated with the Record Republican for the past eight months, and who has made a large number of warm friends in this city and county, has accepted a position with the Dunlap Pony company, of Greenfield, and took up the work yesterday. While his work will carry him over several states, he will not consider the proposition unless he could make this city his headquarters, and he will be back here at least once each week. "Uncle Bill" has made good while with the Record, and is the kind of a man, who, if set adrift in a canoe in mid-ocean, would next be found in some fair land, with a smile upon his face."

Keep Your Grit.

Hang on! Cling on! No matter what they say.
Push on! Sing on! Things will come your way.
Sitting down and whining never helps a bit.
Best way to get there is by keeping up your grit.
Don't give up hoping when the ship goes down.
Grab a spar or something—just refuse to drown.
Don't think you're dying just because you're hit.
Smile in face of danger and hang to your grit.
Folks die too easy—they sort of fade away.
Make a little error, and give up in dismay.
Kind of man that's needed is the man with ready wit.
To laugh at pain and trouble and keep his grit.

To the Good People of Wolfe County.

I am sure that if you knew how many little orphan children are in the Orphans' Home at Clay City, you certainly would help us feed and clothe them. They are your own neighbors and the children of your friends. There is not a finer lot of children in Kentucky, but they were homeless and penniless. They have no means of support except the gifts of good people. There are between 20 and 30 in the home, entirely dependent upon charity for their daily bread. The home itself was the gift of two noble women of the south and is supported almost entirely by people at a distance. Anything they can eat or wear will be most gratefully received and abundantly rewarded by their heavenly Father. Surely the good people will not let these little ones suffer for want of food and clothing.

Any gifts may be sent to Mrs. Virginia C. Staples, Clay City, Ky., in charge of the Orphans' Home.

Children Cry FOR FLETCHER'S CASTORIA

Sale of the L. & E.

Every statement seems to confirm the reports that the Lexington and Eastern has been sold to the L. & N. A dispatch from Whitesburg says:

"A survey of the Lexington and Eastern railroad, recently taken over by the Louisville and Nashville, is being made through this, Letcher county, entering the county at Cornettsville and passing up the north fork of Kentucky river, by this city, and on into the great Elkhorn coal field.

It is expected that this road will also be extended on into Virginia to form a connection with one or more of the lines entering that section. F. D. Buskirk, who is at the head of the engineering corps, is here and states that actual construction work will be begun immediately. This road will tap one of the richest coal and timber districts in Eastern Kentucky."

Come In and Settle Up.

As Mr. C. F. Kash, of the firm of Kash, Johnson & Kash, will withdraw from the firm at an early date, it is absolutely imperative that all accounts must be settled up at once. This is to notify all who are indebted to said firm to come in and settle by note or account as they must be settled within the next 30 days. Meantime goods will be sold cheaper than ever to let Mr. Kash out and if you want bargains now is your chance. Respectfully,
KASH, JOHNSON & KASH.

Women as Well as Men are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers who found Swamp-Root to be just the remedy needed. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

A BARGAIN IN BUSINESS.

DESIRING to change location two of the firm of Kash, Johnson & Kash are determined to withdraw, even though they sacrifice the stock. It is the opportunity for people who need goods, as everything will be sold at less profit than any other merchant in Eastern Kentucky can afford. HIT NOW, WHILE THE IRON IS HOT!

Preferably, however, we will sell the entire stock, invoiced, house and fixtures at a great sacrifice.

This is the opportunity of a lifetime for any one who wishes to engage in the mercantile trade, as our health will not permit us to continue. Being on the corner of Main and Broadway it is the most desirable location in Hazel Green, for YOU CATCH TRADE "GWINE AN' ACOMIN'." It is on the spot where once stood the old Pieratt Hotel, a celebrated hostelry in its day, famous all over Eastern Kentucky.

We want to sell in bulk, and if you'll meet us half way we can make a dicker. Respectfully yours,
KASH, JOHNSON & KASH.
